PARK COMMITTEE REPORT

The Park Committee has had a quiet year with the projects under their supervision. There were the normal expenses which were contained within the estimated budget.

The new paved road at Northfield Pond entrance has been accepted by all as a much needed improvement.

The Tilton and Northfield Recreation Council supervised the installation of a telephone at the beach, which is a very important factor for the public safety.

There are new problems concerning public safety and private property after the closing hours at the beach area. It may require more police supervision. There is a need for additional tables, also the car parking is difficult on a few busy days. The equipment and buildings are in good condition with no immediate expenses anticipated.

The Northfield Pines Park appears to serve as a pleasant lunching area for traveling visitors.

The committee wishes to express their most sincere thanks to Mr. William Sheldon for his personal interest and excellent supervision as our park attendant.

A suggestion was brought to the attention of this committee regarding the replacement of trees across the street from the Northfield Town Hall.

The Park Committee recommends that four trees be planted near the same sites, and each tree honoring the

memory of four public servants for the town of Northfield. The names submitted are:

Miss Mary Foss
Mr. Simeon R. Walker
Mr. Jack Fifield
Mr. Lester Hayward

The committee wishes to express their thanks to the Board of Selectmen for their cooperation and assistance concerning the duties of this committee.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area —4,350.00 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to es-

cape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

TILTON-NORTHFIELD CIVIL DEFENSE

The Selectmen
Tilton and Northfield
Gentlemen:

The Civil Defense organization of our two towns has made steady progress during the past year.

The Warning System was erected in the early part of the year, partly by volunteer CD personnel and part by sub contracts to local concerns. Tilton road department also rendered valuable assistance. A malfunction in the horn's mechanical assembly required a complete factory replacement, which was carried out entirely at the manufacturers cost.

The horn is now functioning satisfactorily and is tested monthly in accordance with Federal directives. Reimbursement representing approximately 50 percent of the total cost, was received from federal CD funds.

A class conducted by a State official and designed to inform or instruct CD personnel, Firemen, Police, Scout

Explorers and members of the public, in the perils and protection from the results of a nuclear attack produced disappointing attendance, particularly from leading members of the community and our public safety departments. However, I am pleased to report that should the occasion arise, we could fully man with qualified operators and instruments, three radiological reporting groups.

At the time of making this report, the writer and his assistant, Mr. William Southworth, are attending a State Police sponsored course designed for police officers and CD officials.

During the past twelve months two attack warning exercises have been carried out, one statewide, the other nationwide. Although we received our messages fairly quickly, it is planned to have this communication link improved in the near future.

Sundry small items of equipment have been purchased, mostly from government surplus sources, items that for the most part are of current use to the Police and Fire Departments. Of particular note was the aquisition for $200.00 of a 30KW portable gasoline driven electric generator in 'as new' condition. An item that would be valuable in maintaining essential electrical services in the event of a major power failure.

Future plans call for the encouragement of instruction in our High School toward a better understanding by older students of the problems of nuclear radiation and the protection of the individual. Also, it is the opinion of the writer that in the not too far distant future, a radiation proof shelter be constructed beside the Fire House, to accommodate essential safety personnel and their instruments in the event of a nuclear attack against this part of the country.

Respectfully yours

JOHN F. CLARIDGE
CD Director

TILTON-NORTHFIELD RECREATION COUNCIL
1964 Annual Report

The ninth year of operation has seen continued expansion of the program, and we feel, a tremendous improvement in public relations and cooperation.

Attendance at the center in the period of fourteen months, from October, 1963 to December, 1964, has more than tripled for all functions from free play to dances. Comparatively, the local population has not increased in the same ratio, therefore we feel the increase must be due to the well organized and supervised program directed by 'Pete' Sorette.

Speaking of 'Pete', his teen council has done a wonderful job in taking up where we, the taxpayers, have left off. They raised $1689.00 during the last school year. The building fund has grown by their donation of $100.00; we have a new Brunswick Pool Table at the center through their dedication and hard work. Also, they gave to the Olympic Fund, bought all their own records for the center and in addition, purchased small equipment for the center such as ping pong paddles, etc.

The swimming program was very successful and quite expensive due to the necessay purchase of much needed equipment such as a boat and rope to make markers for the swimming area. Raft and dock repairs had to be made. Through volunteer labor, this expense was kept to a minimum. The program was well received with an average daily attendance of 84 students and 167 graduates of the various classes. Bob Robitaille of Franklin was our director for the program, with Jane Falardeau and Dennis Smith serving as assistants. Dwight Barney was our bus driver. We were fortunate to secure a lease for the bus from the Tilton 49ers Drum & Bugle Corps,

which saved $110.00 from the previous year. Many thanks to all concerned for a job well done.

Our current project is to establish a recreation advisory council which would be made up for the most part, by representatives of the different organizations in town. There still is a definite lack of communication between the townspeople and those of us administering your program. We hope the establishment of this council will help to alleviate that situation.

As we live here in the heart of recreation country, we think our recreation program should be second to none, and we continue to work to that end.

In closing, we wish to thank Mr. Wayne Fenhoff for rebuilding our waterfront equipment; Mr. Richard Wadleigh of Wadleigh Marine for selling us our boat and other equipment for the beach at his cost; the School Board for their cooperation and understanding, and everyone who has helped us in any way what so ever.

ANNUAL REPORT OF THE DISTRICT NURSE

Fiscal Year January 1 to December 31, 1964

During this period the nurse has made 1876 nursing visits and 339 cases were cared for.

These were divided as follows

Therapeutic nursing	1571 Home calls	56 Office calls
Pre-natal		
Post-partum	14 Home calls	2 Office calls
New-born		
School	2 Home calls	

Health and welfare service

Adults	140 Home calls	6 Office calls

Pre-school	71 Home calls	12 Office calls

Forty trips were made with patients to Doctors offices and clinics during this period.

Mrs. Thalia Coulter substituted for Mrs. French during February and March.

The nurse assisted at the blood bank mobile unit in February and August.

Three immunization clinics sponsored by the State Health Department in cooperation with the District Nurse Association and the School Health Department were held in the American Legion Hall October 8, November 9, and December 7. Eighty-four children received toxoid for the prevention of Pertussis, Diphtheria and Tetanus. Sabin oral polio vaccine was given to twenty-five children and twenty-seven children were vaccinated for small pox. Dr. Robinson was the physician attending at these clinics. Nurses assisting were Mrs. Virginia

Knowlton and Miss Rosemary Hawkins from the State Health Department, Mrs. Kay Hewitt, School Nurse Mrs. Lurline McCook, Mrs. Alice French, Miss Leata Kennedy and myself. Clerical workers were Mrs. Marjory Robert and Mrs. Norma Lamanuzzi.

At Thanksgiving time Mr. Bernard Chapman and I distributed food from the Sunday School of the Congregational Church. Also food baskets were donated by the Salvation Army to two needy families.

At Christmas time the school nurse and I distributed toys donated by tthe Episcopal Church, the Lion's Club, the Rotary Club and the Girl Scout Troop. Through generous gifts of money from the Emblem Club in Franklin, the teachers at the Tilton - Northfield schools and two personal donors we were able to purchase additional gifts which we wrapped and delivered.

The Elks, Salvation Army and the American Legion provided many well filled baskets of food which were delivered to needy families.

On behalf of the District Nurse Association I extend sincere appreciation to the American Legion for the use of their hall for our Fall clinics.

At the end of my first half year as your district nurse I wish to thank the Executive Board of the District Nurse Association for their support. Mrs. Alice French for her kindly counsel and advice, the selectmen, the residents of both towns and the friendly cooperation of my patients.

REPORT OF THE TILTON-NORTHFIELD SCHOOL BOARD

The Board voted last June to use the balance of the Building Fund Account plus federal aid to purchase an electricity-electronics laboratory for the training of vocational pupils for the new state technical institute courses and for the college preparation of pupils in our physics and general science high school courses. Our district was the first in the state outside of the cities to establish this course. It could also lead to interest of small electronics firms to locate in this area.

The proposed budget for 1965-1966 will show three special expenditures: (1) An increased amount for salary increases for teachers to meet the competition from other communities and to retain the best teachers. (2) An amount to cover the cost of interscholastic athletics not covered by gate receipts. (3) Part of the salary of the cafeteria director in order to improve the lunch program and avoid deficits.

All taxpayers will probably be pleased to know that the Board does not plan to request a bond issue for an addition to the Sanborn School this year. The census shows small first grades with an enrollment of 70 to 88 commencing September 1966 with three teachers needed for the first grade instead of the present four. There are now four teachers in the first and second grades and it will be necessary to retain these two positions as they progress through the six grades.

The high school does not face any space problem since the building was constructed to house one hundred additional pupils over the present enrollment.

The High, Union and Sanborn Schools are in excellent maintenance and the following renovations were made:

Tilton-Northfield Junior-Senior High School

1. Four new doors installed in the gymnasium
2. Four classrooms painted

3. The baseball backstop was increased in height to reduce window damage
4. The roof was repaired in the original school
5. The ventilators were painted
6. The entrance to the gymnasium was painted and the wall repaired
7. The custodians have saved the district large sums annually by doing a great deal of maintenance and repairs throughout the year, including the renovation of school furniture by sanding and refinishing

Union and Sanborn Schools

1. The renovation of one entire classroom in the Union School, including floor leveling cover, a new tile floor, wainscoting, and painting in accordance with the Board policy of improving completely one classroom a year
2. Two classrooms painted by contractor and two by custodians (Union)
3. Stairway, stairwell, side door, basement entrance, one ceiling, boiler room, incinerator and four corkboards painted (Union)
4. Floors in six classrooms and four stairways sealed (Union)
5. Temporary repairs to Sanborn roof
6. The custodians have saved the district large sums annually by doing a great deal of maintenance and repairs throughout the year, including the renovation of school furniture by sanding and refinishing
7. A new fence installed at the schools, including a gate to reduce trespassing by pupils on neighboring property

The following equipment was purchased:

Tilton-Northfield Junior-Senior High School

1. 32 foot ladder

Union and Sanborn Schools

1. Floor machine
2. Wet and dry pick-up machine
3. Window washer
4. Electric motor for ventilators
5. Gravely tractor with leaf mulcher
6. New wheelbarrow and lawn tools

The summer program at the elementary schools included morning recreation, athletics, arts and crafts for approximately one hundred pupils daily. This program has been operated by the Board for over twenty years. The instrumental music program for seventy pupils was maintained for the second year. The new introduction was remedial and special reading for fifty pupils. This program is to help children with special problems.

The Katherine M. Johnson's Estate contribution of five thousand dollars was received in December 1964 and has been placed in a savings account. The interest, in accordance with the will, will be used for an annual scholarship for a high school graduate, commencing with the Class of 1966.

We wish to express our deep appreciation to the following:

1. The Journal-Transcript for its excellent program of news and publicity which has annually raised funds for a scholarship for a Franklin and Tilton-Northfield graduate.
2. The Women's Club of Tilton-Northfield for its successful operation of the Dental Clinic.

3. The Benevolent Order of Elks for its annual scholarships for graduates of the area.
4. The Anna M. Hussey Memorial Committee for its scholarship award to future teachers.
5. The Pucci Family for the Alfred H. Pucci Memorial Award.
6. The Tilton Rotary Club for its annual scholarships to three graduates and for sending pupils annually to the League of Nations Model Assembly at Plymouth State College.
7. The Tilton Lions Club for its financial assistance to pupils.
8. The American Legion Whiteman Post No. 49 for its Scholastic Award and for sponsoring pupils to Boys State at the University.
9. The American Legion Auxiliary for contribution of books on subjects of Americanism, and for sponsorship of pupils to Girls State at the University.
10. The Tilton Holy Name Society for prizes in homemaking and shop.
11. The Daughters of the American Revolution for its award.
12. The Grevior Improvement Award, the Women's Club Achievement Award, The Channing T. Sanborn Music Award, the Barbara Walles Award, the Arch Scholarship Award, the Future Homemakers Award
13. The Garden Club, Friends of the Library, the Library Trustees and all civic and professional organizations which have contributed scholarships, special gifts, and assistance.
14. The Citizens National Bank and the Iona Savings, Gale's Insurance Agency, Giles Dairy, and the Shepherd Funeral Home for gifts and prizes.

15. Our Superintendent, Principals, Teachers, Treasurer, Office Workers, Custodians, Cafeteria Workers, and Bus Operators for their excellent cooperation.

16. The Selectmen of Tilton and Northfield for their assistance in all school problems.

17. The Town Budget Committees for their excellent cooperation, advice and assistance.

We especially wish to express our thanks to the people of the two towns for their financial and public support of the schools. We appreciate the fine constructive suggestions for the improvement of the schools. We appreciate the spirit of our people which has always supported local education and the best education for this original cooperative school district.
